May. If please your Worships,

It is not without considerable concern that

their customs on said day. The latter appears
to us to be the Burgesses, who like the rest
of
guilty of the same. It is not unfrequently
practised by the eager through this borough,
and not observed for a small space of time;
but we are informed that the like irregularities
are again practised without any notice taken
of it, by those who ought to suppress it.

[illegible] [illegible]
have a right to, among them on the gue-
men of this country, to repair and keep the
same in such necessary order, for the use
intended, by law; therefore, we are of opinion
that the [illegible] the commissioners of [illegible]
